1. **Approval of agenda – Approved as amended.**
2. **Minutes of meeting on October 15, 2010 – Approved as amended.**
3. **Announcements:**
 - a. R. Tuveson announced today (10/15/10) is the deadline to file to graduate in Spring 2011.
4. **Assessment models for discussion:**
 - a. Review of models occurred based on the handout from the previous committee meeting. A question was raised as to how favored models can be further investigated.
 - b. The San Francisco State University model (course with options available) appealed to committee members because of its simplicity. It's thought if CSULB took a similar path, the WPE would become more a writing placement instrument channeling students toward writing courses. **Discussion ensued.**
 - c. Possible options for addressing the upper-division writing course(s) issues were discussed. For example, students could take and pass an intensive writing course in at least one upper-division capstone G.E. or major course. Students could choose one course from two or three writing-intensive upper-division courses (e.g., 2 in major & one G.E. capstone) in a case a particular major does not have a writing-intensive upper division course. Courses which include writing labs were also suggested.

- a. A waiver from the previous committee meeting was discussed and denied.

7. WPE Development Committee Chair's report

- a. *Request:* GVAR Committee would grant an exception to the Policy allowing students in an off-campus program to take a GVAR-Certified course without having to take the WPE first.
- b. Three options already in Policy: 1.) GRE/GMAT, 2.) On-campus testing of WPE, and 3.) GVAR-certified course
- c. Will be discussed at next meeting.

8. Move to Adjourned - MSP

9. Meeting adjourned at 3:13 PM

Respectfully submitted,

Karin Griffin
